

Advanced Placement Program

Vision:

To be the Model of Excellence in Advanced Placement Programs

Mission:

To prepare students for college success by enabling students to take challenging, rigorous, college-level courses while still in high school.

Goal:

To offer AP courses in various subject areas that will:

- Develop students' analytical thinking & reasoning skills
- Strengthen students' writing skills
- Promote the study of subject areas in greater depth
- Encourage disciplined study skills & the habits of mind needed for success
- Foster persistence & a college-ready culture
- Lift the academic level of the entire high school curriculum as teachers offer a continuum of skill building to prepare students for the rigor of AP classes
