

Learning My Lunch Number

Dear Parents/Teachers,

We want every student to eat a nutritious and delicious school breakfast and lunch each day! Starting school involves many new places, faces, and spaces like learning where cubbies are located, bus numbers, classroom rules and lunch numbers to name a few.

Please help your student and your teacher by working with your child to help them practice “punching” in their lunch number which will be assigned to them.

Lunch numbers will be given out at Meet the Teacher Day or can be obtained from the School Registrar.

Thank you for encouraging your student to eat with Shelby County Child Nutrition! Our menus can be found at <http://www.shelbyed.k12.al.us/cnp.htm> . We wish you a happy and healthy year!

Entering your lunch number:

1. Punch in your lunch number and press the green ENTER button
2. Wait until the cashier calls your name
3. Sit down and enjoy your lunch!
